Our firm's capable cadre of dedicated professionals provides products, services and communicates with clients at all levels within an organization. Our expertise and skills are evident by the feedback received from our clients in onsite engagements as well as in tailored training workshops, seminars and field engagements. Our team members are capable of obtaining a security clearance and have previously performed work at government owned facilities and at other sensitive engagements.

op X consulting provides clients with an array of coordinated services in all areas of business and project management, including strategic planning and execution, performance management, and resource development and optimization based on industry best practices, breakthrough research and development and leading edge technologies. Through our experiences and engagements with a variety of clients we have learned that there are four key factors in creating and executing a successful initiative. They are:

- **Developing an appropriate and sustainable strategy that is responsive to an organization's needs, goals and objectives;**
- **Obtaining the necessary cross-functional support and participation from the organization's leadership for the implementation of a comprehensive and targeted solution;**
- **Developing an integrated plan, scope, schedule, milestones and applicable performance metrics that achieve the stated objectives of the organization;**
- **Executing the plan effectively, monitoring progress, and documenting and communicating the results achieved to the organization's stakeholders.**

op X consistently provides clients with access to the latest in advanced operational, organizational, business and project management processes and technologies are only part of the firm's competitive advantage. What makes our firm truly unique is the skill and expertise of our nationally and internationally respected staff and affiliate organizations, allowing us to provide a coordinated suite of services unmatched by any other organization.
